About the **Reedsport Braves Boosters Association**

Across Oregon and the nation, school districts continue to face decreased funding for athletic and activity programs. Reedsport schools are no exception. The Braves Boosters Association is being relied upon for more and more support of these programs. Since the late 1960s, the Braves Boosters have been committed to this challenge. Your purchase of Braves Gear helps support our cause, and in turn helps keep a wide variety of athletics and activities available to the youth in our area.

Donations to the Braves Boosters are always welcome. You can donate or make Braves Gear purchases online at our website:
